POSTKARTE

Commander R. E. Peary was born May 6, 1856, and entered the U.S. Navy 1881. He is famous for his Arctic discoveries, and has been in charge of several expeditions on the northern coast of Greenland. On the third voyage Peary attained latitude  $84^{\circ} 17' N.$ , the highest point yet attained in the Western Hemisphere. This portrait is by Albert Operti, the official artist who accompanied the expedition.
